Members: Tessa Esman, Mara Evans, Manuel Gardea, Logan Templin

G2 CareFlow Progress Report 1

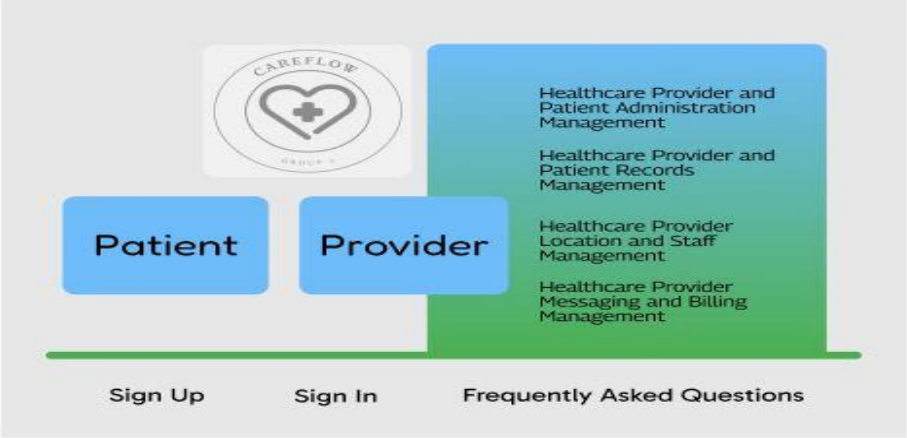

Everything Presented Is Subject To Change

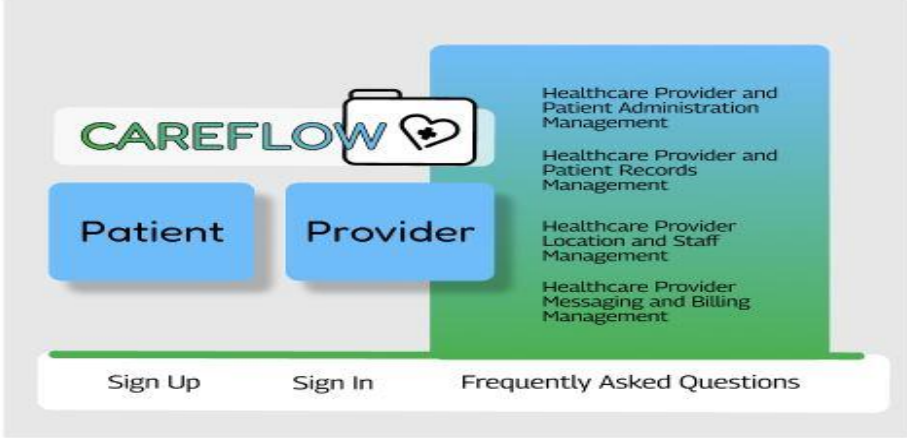

What We've Worked on

- Developed SQLite Tables:
  - ClinicLocation
  - Staff
  - StaffLocationAssignment
  - Patient
  - PatientInfo
  - Bill
  - PaymentMethod
- Devloped UI WireFrames
  - Role Selection Page
  - Provider Selected Page
  - Selected Location and Patient Management Page
- Assigned Subsystems
  - Tessa -> Location Management
  - Manuel -> Staff Management
  - Mara -> Patient Management
  - Logan -> Billing
  - Zakaria -> Records/Documents Management

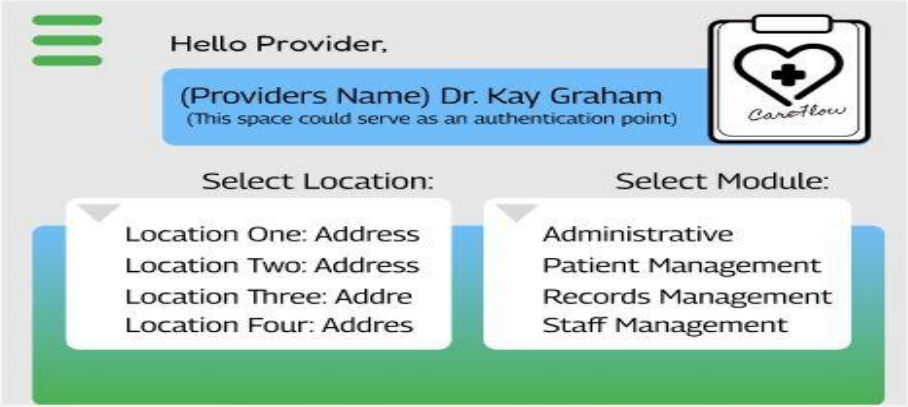

Wireframes

Next Steps

- Learn about using the python tkinter visual library
- Develop basic GUI for each subsystem
- Create a landing/login page
- Connect each subsystem GUI to the main page
- Connect GUI actions to tables (ex. Link patient info to visual table)
